COOKING STOVE

THE best Cook Stove ever introduced, to this or any other people.

Having secured the sole agency of this very desirable stove I take great pleasure in offering it to my customers and the public. This Stove was invented expressly for this eastern market, by three experienced and expert Stove manufacturers, Messrs Bates & Whittier, who know, and have appreciated the wants of this enlightened people. It is now offered to the public with the fullest confidence in its merits, and its superiority over every other Cooking apparatus ever introduced. Its arrangements for Boiling, Broiling, Frying, &c., are not surpassed, and its extensive and beautiful Oven for Baking and Roasting, will at once recommend itself to the Ladies. One very important feature is, it has very stout and smooth castings and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island, or elsewhere. Every Stove is warranted one year, and must give entire satisfaction or may be returned and the money will be refunded after 30 days trial.

A great variety of other patterns of cooking Stoves, such as the

PATENTS,

American and Foreign Office,

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, WASHINGTON.

No. 22 State Street, Boston.

IN 1840 the subscriber was appointed by the Commissioner of Patents, Agent of the U. S. Patent Office, in accordance with the 10th Sec. of Act of 1837.

Having relinquished the Agency for the transmission of Models, and adopted a more expeditious mode of sending them to the Patent Office, *where in all cases they will be presented as soon as received*, he continues to forward them free of expense, to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents; and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

In applications at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *promptly explaining their inventions*, and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *over twenty years in practice*, an extensive collection of the Patent Office Models, the constant additions to the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford information and assistance, in other respects, that might be difficult to obtain elsewhere.

R. H. EDDY, Solicitor of Patents.

WASHINGTON, JULY 21, 1846.—During the time I occupied the Office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons associated in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.

AGENTS FOR BANGOR.

But we will not dwell upon the wonderful cures it is accomplishing.

DISSOLVENT POWER,

by which it completely dissolves all Tubercles or concretions from the Lungs, and thereby relieves the system of the cause of disease. It is therefore

ASTONISHING,

and from actual cures, that have come under Nature's own observation, it is

CONSUMPTION,

WITH CERTAINTY.

By prescribing according to the directions, it is quieting, and increases the general warmth, loosening the distressing shudder of the Night Pains, which is often so prostrating in Consumption, and is of universal popularity in all India, among the Indians, where it is known as the

VEGETABLE KING.

It probably has no equal in the

DYSPEPTIC REMEDY.

Its natural, genial warmth keeps the digestive powers even in proper tone, assisting all irritation of the nerves, &c.

It will appear in many Diseases of Pain and Affection to which it is applicable, to be of incalculable benefit. It is also continuing to be prepared in the best manner—no expense is spared—and in quart bottles.

Besides the Genuine article in which we are now using the SYRUP OF GINSENG AND MALVA with great success.

Hear what the Profession says:

To Messrs. WILSON, FAIRBANK & Co., 45 Hanover St., Boston:

Gentlemen:—After testing your Syrup of Ginseng and Malva, I feel warranted in stating that I found it to prove the most efficient remedy which I have ever discovered, for the disease it is intended to alleviate.

Yours, very sincerely,

THE GREAT CONSTITUTIONAL REMEDY.

DR. J. S. HOUGHTON'S Great Dyspepsia Cure!

PEPSIN

THE TRUE
DIGESTIVE FLUID.
OR
Gastric Juice,

PREPARED from RENNET, on the fourth STOMACH of the OX, after directions of Baron Liebig, the great Physiological Chemist, by J. S. HOUGHTON, M. D. Philadelphia, Pa.

This is a Great Natural Remedy for *Indigestion* and *Dyspepsia*, curing after Nature's own Method, by Nature's own Agent, the Gastric Juice. PEPSIN is the chief Element, or Great Digestive Principle of the Gastric Juice—this is the *Solvent of the Food*, the *Purifying, Preserving and Invigorating Agent* of the Stomach and Intestines. It is Extracted from the Digestive Stomach of the Ox, thus forming an ARTIFICIAL DIGESTIVE FLUID precisely like the natural Gastric Juice, in its Chemical powers, and fitting it a *complete and perfect substitute* for it.—By the aid of this preparation, all pains and evils of Indigestion and Dyspepsia are removed just as they would be by a healthy Stomach. It is truly wonderful, the immediate relief and perfect cures of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption supposed to be on the verge of the grave. Thousands of the most scientific Evidences upon which this based, can be given, but the following are presented as *remarkable*, in his celebrated work on Animal Chemistry, by Liebig, Professor of Chemistry in the University of Giessen, which is considered authority in all parts of the civilized world.

"An Artificial Digestive Fluid may be prepared which perfectly resembles the natural Gastric Juice, and which digests and dissolves meat, &c., *out of the body and in a glass vessel*, in the same manner as it is digested in the stomach. Five Pounds of Beef are digested by the Gastric Juice of about Ten Pounds of the Stomach."

PEPSIN is sold by nearly all the principal Druggists and Medicine Venders throughout the United States. It is prepared in Powder form—and in Prescription Vials for Physicians.

CAUTION.—Beware of Counterfeits! Ask for the genuine PEPSIN, bearing the written signature of J. S. HOUGHTON, M. D. Proprietor, Philadelphia, Pa.
